

EARTH & ENVIRONMENTAL SCIENCES

OPEN DAY: Saturday 7th April 2018

University of St Andrews, Forbes Room, Irvine Building, North Street, St Andrews, KY16 9AL

The event is for applicants with offers for the BSc Geology and Environmental Earth science degrees and the MGEOL integrated masters.

It allows the opportunity for offer holders to experience what it's like to be a student at St Andrews and meet with the staff and undergraduate students

The day will start at 9:00 with tea and coffee and a welcome from our Head of School followed by a short lecture about the degree programme at St Andrews. During the rest of the day, there will be a field trip and two laboratory sessions that all give a flavour of what is entailed in a Geology, Environmental Earth Science or Earth Science degree. We will provide lunch and the formal part of the day will finish at 5:00PM.

Directions to the Irvine Building

A map of University buildings is shown below. The full map is available on (<http://www.st-andrews.ac.uk/maps/>), including directions to St Andrews. The Irvine Building is on North Street (number 46 on the map, circled in red). It will be signposted.
